GRAMMAR SCHOOL PUPILS ORGANIZE TENNIS CLUB

The Redwood City Grammar School Tennis Club has been re-organized with Duncan Fitzgerald as president, Mildred Lamb as secretary and Lucien O'Connell as treasurer. The time is so allotted that all members of the club may have an opportunity to practice. A new volley ball court has been made for the girls, and the boys' court is in use daily.

The basket ball season is beginning and the school has already five teams of boys practicing enthusiastically. The new shower adds zest to the game.

The sixth grade German class is very enthusiastic over its new study, and favorable comments are heard from Superintendent Cloud and various patrons of the school. Berkeley this year began French in the first and second grades. Superintendent Faucett of Los Angeles, one of the distinguished educators of the country, begins modern languages in the grades.

The new class in hammered copper work is making rapid and enthusiastic progress. The results of their handiwork will be seen at the December exhibit.

Mr. Abell has consented to instruct a Saturday morning class at a low tuition, in hammered brass and copper, tooled leather and jewelry. He is particularly well equipped in this line of work, having taken several courses of instruction at the Chicago Art Institute.

The average daily attendance at the grammar school for the past month was the largest in its history.

Rushing Street Work

Street improvement in this city is being industriously carried on. T. C. Rice, who has a contract for curbs and sidewalks, has laid the curbing as far as the charter line on the streets east of the railroad, and concrete sidewalks have been completed on Heller and cross streets to Spruce street. Eight hundred feet of sidewalk is being laid daily.

Healy & Chambers will soon commence to lay sewer pipe in the Wooster-Montgomery addition, and Arnold Hess will shortly begin excavating for sewers along the streets east of the railroad. The work will be rushed to keep ahead of the street contractors.

PREPARING FOR BIG LAND SHOW

County Development Association Plans for Much Work

SAN MATEO, Sept. 24—These are strenuous days for the San Mateo County Development Association, that is having its hands full between solving transportation problems and preparing for the big land show to be held in San Francisco from October 11 to 25.

One of the immediate results achieved is the installation of ventilators in a number of steel cars by General Manager Scott of the Southern Pacific company, who promises to vigorously prosecute the work. This action on the part of the railroad is timely in view of the hot spell.

The Railroad commission has advised the Association that it has caused an investigation to be made of the dangerous conditions existing at San Bruno which arise owing to the fact that the Southern Pacific station is located at a dangerous curve.

Strenuous efforts are being made to improve the peninsula electric service furnished by the United Railroads. Also, special efforts are being directed towards securing better service on the Third and Fourth street lines running to the depot. The Association is desirous of having the United Railroads formulate a schedule which will meet the time table of the Southern Pacific, so that passengers will not miss their trains by one or two minutes.

San Mateo county may well be proud of the fact that the large financial interests realize the stability of the community's credit. It is a compliment to the people that the Board of Supervisors were able to sell \$352,000 worth of good roads bonds bearing 5 per cent interest, at par, when the City of Oakland had to raise its rate of interest to 6 1/2 per cent after failing to dispose of them at five per cent.

Actual work under the \$1,250,000 road bond issue voted by the people last April is now a thing of reality. The Board of Supervisors last Monday instructed the county surveyor to prepare plans and specifications for building the highway through the city limits of San Mateo, this being a connecting link in the work being done by the state Highway commission; and other stretches of road will be under way as quickly as human energy will allow.

The authoritative statement is made by the Railroad company that 50,000 tickets have been spoken for by prospective visitors, outside the bay coun-

REDWOOD BALL PLAYERS WIN TWO MORE GAMES

Sunday last the Boys' Club won what was probably the best game ever played on a local field, it was a magnificent show of the "never say die" spirit. With the score 4 to 1 against them in the ninth they buckled down and tied it and won out in the eleventh. It was an uphill fight all along, the Elbees being dangerous at all times. The score was nothing up till the seventh inning. Chaves pitched a star game. Griffin featured, securing four hits out of four trips and accepting twelve chances without an error. Torres secured four hits out of five trips, and Herm three out of six, besides making a spectacular catch in right. All the others played a star game.

Next Sunday another fast team is scheduled, the Ellery Arms company. Fans don't know what they are missing when they fail to see these Sunday morning games.

Redwood defeated the Hartsook Photo team by a score of 12 to 11. It was easier than the score shows. In the first inning Redwood made six runs and with a large lead Keating played with the visitors in the ninth. Next Sunday the Union Iron Works will be taken on. This is probably the fastest city team and a good game can be looked for. This will be the last game of the season for the Senior team. Out of twenty-six games Redwood has lost but three.

George, the 9-year-old son of Ernest Driven, was brought to the Redwood City hospital Tuesday, suffering from the effect of an arrow fired into his eye. While at play a younger brother shot an arrow from his bow into a pipe, through which George was looking, and ruptured the eyeball. That the sight of the eye is destroyed, is the verdict of Dr. Ross, who is in attendance on the unfortunate child.

ties, to San Francisco during the period of the big Land show and Portola celebration. The San Mateo county Development association is taking advantage of this opportunity to advertise the county. Not only will San Mateo county be represented in the parade, but it has reserved space for exhibition purposes. This will be the most comprehensive display ever made by the county. It will consist principally of flowers, for which this county is noted, as well as features from the industrial activity of the community.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

BOTH NEED REGULATION.

The unfortunate accident which resulted in the serious injury of Judge Hannon, a pioneer resident and official of this city, conveys a double lesson, one which it but strongly emphasizes. The citizen who uses the streets for foot traffic is as much responsible for his own safety as are the drivers of vehicles of any character. Unquestionably there has been too much of carelessness on the part of both.

While it is undoubtedly a fact that drivers of automobiles and motorcycles, and more often the latter, are far too careless of the safety of others, these people are not in all cases entirely to blame for the far too frequent occurrence of serious accidents. It is not an infrequent occurrence on our main traveled streets to see pedestrians start out from the curb in the center of the block and other unaccounted point of travel and leisurely make their way across the street, apparently heedless of the approach of vehicles. For this there is neither occasion nor excuse.

This is another of the matters which should receive the attention of the city council in the drafting of the proposed traffic ordinance. While unquestionably there should be strict regulation of automobiles and other motor driven vehicles, there should also be some plain regulations governing the use of the streets by the foot passenger. An equal regard for the rights of the other would in many cases, at least, result in the avoidance of such deplorable accidents.

Wedding a Surprise.

Miss Gladys Underhill, daughter of Auditor and Mrs. Henry Underhill, went to San Francisco, Wednesday and without informing her parents, met her betrothed, Robert Von Pert, and was married to him by Rev. J. B. Orr of Oakland. Their engagement was announced some time ago.

SAN BRUNO NOTES.

E. J. Moore last week sold his lot in Belle Air to a recent arrival from Sacramento, who will move here when the carpenters complete a few alterations. The seating capacity of the justice's court was fully tested Tuesday when the Jacobson case was called. W. Jennings of San Mateo, the defendant, who was arrested for striking Jacobson at the firemen's picnic September 9th, may have a hearing in the juvenile court, as he is only 17 years of age. The justice court decided that it had no jurisdiction. However, all the evidence was given before this fact became known. No testimony was offered to show that Jennings struck the blow. It is now thought that no further action will be pressed in the matter.

Blacksmith Fonte was unable to locate the jokers who unharnessed his horse at the picture show, and now becoming reconciled a smile creeps over his countenance as he can see the humorous side of the performance. However, several young men were before the court and received a reprimand, and a warning that the law does not provide any excuse for interference with other people's property, but does impose a penalty, and that it will be imposed on occasion.

A report is going the rounds that the Southern Pacific contemplates building a depot one mile south of its present location. A representative from the state railroad commission was looking into the matter and is quoted as giving the opinion that the present location is one of the most dangerous he ever saw. The people on the extreme north end will stand on their rights and demand that if the depot should be moved, the cars also stop at the present site, as they have no desire to walk three miles back and forth, or in other words pay for a ride yet be compelled to walk one quarter of the distance paid for.

Mrs. Archie Moore, with her two children, left for South Dakota last week and will remain until spring. During the winter Mr. Moore will build a house on a farm recently purchased near Galt, where they will permanently reside.

A few days ago a cottage in Belle Air was destroyed by a fire supposed to have been caused by crossed wires, the furniture alone being saved. The house was built by the West Shore Realty company about four years ago and was occupied by Wm. Ryan.

Miss Minnie Dinnegar of the fourth addition was a visitor at Sacramento during the state fair.

Mrs. Harry Gray is at Pacific Grove, where she is visiting with her daughter Mrs. Jack Ryder.

The ladies' social and improvement club will give a splendid entertainment at the Jenevein avenue firehouse this (Saturday) evening.

The residence of W. P. Lyon in Belle Air was entirely destroyed by fire last Thursday evening. Although the San Bruno fire department was promptly on the ground they could do nothing, owing to the lack of water service. There was a small insurance on the building and its contents.

The rolling mill of the Pacific Coast steel company was compelled to cease operations one day last week because of the excessively warm weather.

SAN MATEO AND BURLINGAME.

After an experience of two years the directors of the Peninsula hotel, San Mateo's fashionable resort, have decided that keeping the hotel open during the winter season is far from a profitable enterprise and have determined to close the place at the end of the present month. According to report of a special committee of the directors, conducting the hotel even during the summer season is proving a loss to stockholders.

The San Mateo board of trade has definitely decided that city shall be represented by a float in the Portola parade, and as an earnest of the intention of its members a subscription was started at a recent meeting which resulted in securing \$100 as the nucleus of a fund for that purpose.

They have extended a lavish hospitality to their friends during the summer, each week-end entertaining a large house party at their beautiful out-of-town place.

The concert for the benefit of the Congregational church of this place will be held in Independence hall this evening. Come and enjoy the splendid program by the ladies.

He was about to begin work when the big reptile curled up and was preparing to spring when Kelly hurled a sharp spade at the head of the snake, severing it almost from the body. The reptile had thirteen rattles and a button and measured seven feet in length. It was the largest rattlesnake ever seen in this locality.

The Covington Pringle new home on the J. J. Moore property on the Woodside road is about completed. It is the finest in that locality and will cost in the neighborhood of \$15,000. The Pringles will occupy it at once.

PESCADERO CORRESPONDENCE.

A brush fire started at the big Butano bridge Sunday and has been burning since. It burned up to the Jackson place on top of the hill, and Sam Trotter and crew of sixteen men fought it all Monday night and stopped it from going over. They cut a trail on top of the chalk rock ridges and kept the fire from getting over into the little Butano. The fire ran up the side of the mountain as far as Miles McDonald's place and Tuesday morning at 5 o'clock Fire Warden Smith took out about twenty men to fight the fire and help the other crew. The wind started to blow from the southeast and the fire jumped across the big Butano and started for the town. Tuesday evening it had burned over into Manly Pinkham's place but was believed to be under control. Wednesday the main fire was still raging, but if not fed by any more strong winds it will burn itself out in the big Butano. The fire has burned over five or six hundred acres of brush.

There are quite a lot of steamers coming to Pigeon Point for grain and bark, but none of them bring any freight from San Francisco, as there is a lot of freight in the city, it is said, that has been waiting for two months to come here.

The horses were caught before any further damage was done.

The Southern Pacific company is putting a chain fence at the depot to protect its passengers who alight from the trains. Of late automobile drivers back their machines within a few feet of the trains, allowing scarcely any room for the passengers to alight. McNAMARA DAMAGE SUITS ARE ON TRIAL

First of Three Big Claims Before Judge Buck and a Mixed Superior Court Jury

The first of the three \$25,000 damage suits against Nicholas J. McNamara, the San Mateo capitalist, was actually begun in the Superior Court Wednesday morning before Judge Buck and jury of men and women, when the opening statement was made by Attorney James Hanley of San Francisco on behalf of Fred Patterson the chauffeur, who alleges that during July of last year he was falsely and maliciously imprisoned for 19 days in New York City by McNamara, on a trumped-up charge of grand larceny. The chauffeur alleges that through such incarceration he suffered both in good name and health, and has since become a victim of tuberculosis.

In June of 1912 Mrs. McNamara left her home in San Mateo accompanied by the chauffeur, her maid Cora M. Perkins, the gardener Patrick Walsh, and her two boys, informing her husband that she was going to San Francisco. Four days later the party was heard from at Shasta Springs through postal mails to McNamara by his boys. After that he lost track of the party until they were located in New York City. McNamara, on the advice of his attorney, went before the Grand Jury of San Francisco and procured an indictment against the chauffeur, the maid and the gardener, charging them with grand larceny in stealing an automobile.

The prosecution rested Thursday after presenting a great volume of testimony. Among the witnesses called were Gus White, chief of police of San Francisco, Timothy J. Crowley, the well-known San Francisco lawyer. N. J. McNamara, the defendant in the case, was placed on the stand Thursday afternoon and remained there for two hours. He was subject to a severe cross-examination at the hands of attorney Cunha, but he did not waver in his testimony. Nicholas A. McNamara, the young son of the defendant, was then called and he was on the stand when court adjourned that evening. When the case went over until next Tuesday at the request of one of the attorneys, Mrs. McNamara appeared in court yesterday, for the first time since the trial began.

There is quite an array of counsel on both sides. The plaintiff is represented by J. M. Handley and Joseph J. Dunn of San Francisco and Bert Mansfield of this city, while the defense is represented by Judge Fitzpatrick of this city and John C. Quinlan and Attorney Cunha of San Francisco, the latter being the assistant under District Attorney Fickert.

It is understood that on the completion of the present trial similar suits against McNamara by the maid and the gardener will be commenced.

Death of Tyler Henshaw.

Tyler Henshaw, 23 years of age, son of Associate Justice Henshaw of the Supreme Court and a resident of this place, died at noon yesterday of typhoid fever in St. Francis hospital, San Francisco. A month ago young Henshaw was married to Irene Patricia O'Connor, who was a classmate of her husband in the University of California. They spent their honeymoon in Mendocino county. He was a graduate of the University of California and the Harvard Law School. He was admitted to practice by the Appellate Court in January last. Since then he has been a member of the legal staff in the office of Garret McEnerney.

The untimely death of the young man is extremely pathetic. He had a promising future in the legal profession in which his distinguished father has gained such eminence. He possessed a bright legal mind, had a good grasp of affairs, and was an orator of more than ordinary ability. Had he been spared he certainly would have made his mark in the world. The heartbroken father has the sincere sympathy of this community in his sad affliction.

The purchase of \$25000 worth of
5% school bonds by the County treas-
urer is a good move in the right
direction. There is no time in the
year when there is not from \$100,000
to \$150,000 on hand in the treasury.
There is no reason why some of
this surplus should not be drawing a
good rate of interest. This interest
will help in many ways and the
redemption of the bonds year by year
will allow the treasurer to make other
purchases which may help materially
in the reduction of the tax rate. Then
too the bonds may later be sold at a
good premium if the Treasurer so
desires. This kind of a move towards
Socialism is a good one.

tember 27th and ending December 20th.

PIONEER OFFICIAL SERIOUSLY INJURED

Judge Hannon Accidental Run
Down by Automobile

City Recorder, James Hannon, an old resident and justice of the peace in the Third township for sixteen years, was run over by an automobile Tuesday morning, sustaining a badly fractured ankle and severe cuts about the body. Hannon was talking to a friend at Main street and Broadway, when he stepped back and was struck by an automobile truck driven by C. E. Woodhams, a furniture dealer.

During his sixteen years as justice of the peace Hannon has married more than 2000 couples. He was an excellent athlete and a champion swimmer when a young man, and many of his swimming records stood for years. In spite of the fact that the judge is 72 years old Dr. J. L. Ross, who is attending him, says that, with the exception of a possible stiff ankle, his superb physical condition will prevent his injuries from becoming serious. Judge Hannon attaches no blame to Mr. Woodhams for the accident.

LOCAL REALTY DEALERS REPORT ACTIVE MARKET

The Redwood City Realty Company has been extremely busy during the past month, having rented and leased several places besides making the following sales:

Lot 59, Wellesley Park, account of Daniel Jutton; Lot 61, account of Sarah A. Hall; Lot 63, account of Fred Sutton; Lot 75, to Charles Miller, the contractor; Lot 77, to W. C. Butterfield; Lot 18, block 7, to Charles Miller, the local contractor; Lot 9, block 9, to G. C. Elam; Lots 101 and 102, to Mrs. Janet Wood; Lot 8, block 12, range C, account of Geo. C. Ross; house and Lot 6, block E, Boyd & Kent addition, account of Annie E. Mighall; house, and Lot 7, block E, Boyd & Kent addition; house and lot on Kendall street, account of G. P. Robertson; house and lot on Washington street, to C. H. Woodhams. Mr. Al Martens, son of Henry Martens of the Park, has purchased a lot on Oakdale street and will commence the erection of a handsome bungalow in the near future. W. C. Butterfield has already commenced the erection of a house on Lot 77, while Charles Miller has started improving Lot 75. W. C. Elam is a partner in the large San Francisco contracting firm of Elam & Sons and for the past two years has been living in Hayward Park at San Mateo, and in their machine has had an opportunity of thoroughly looking the county over. It certainly speaks well for Wellesley Park that the final decision was to locate there.

Treasurer Holds Bargain Sale.

An auction of the unclaimed effects of deceased persons took place Monday, Treasurer Chamberlain acting as auctioneer. Numerous watches, knives and a couple of pistols were sold at low prices, several watches bringing five and ten cent apiece. Some of the packages turned out real finds, one ring being a diamond with a gold setting, Gabe Einstein being the lucky purchaser for 25 cents. A gold open faced watch brought \$3.50, which was the high mark for the sale. The sum of \$7.65 was placed in the county treasury as the result of the sale.

Luke A. Nolan of this city claims to be the champion cupid. On Thursday night he introduced Mrs. Frances H. Williams, a divorcee of Mayfield, to Thomas T. Dickens, a prosperous man of San Francisco, who had just returned from Alaska. Friday they were married in San Francisco. Dickens is 28 years old and his bride 25.

Ex-Supervisor John McCormick of Pescadero is reported to be still on the sick list, though his condition is not considered serious. Mr. McCormick is in good spirits and looks forward to an early recovery.

Mrs. J. B. Felix submitted to a critical operation at the Peninsula hospital in Palo Alto last Wednesday, and has since progressed so satisfactory that there is every hope for her speedy recovery.

Miss Jessie Kuhn, a teacher of fancy and ball room dancing, who is now conducting a class in Belmont, is desirous of forming a class in Redwood City at the Woman's Club. She will give a series of twelve lessons, beginning September 27th and ending December 20th. Those wishing to join the class will kindly address Miss Kuhn at this office before September 27th. Terms, \$5.00 for the season of twelve lessons. Miss Kuhn is a graduate of an eastern college of fancy dancing. Address inquiries to this office.—Adv.

F. W. Kellogg and John D. Spreckels Publish San Francisco's Greatest Evening Newspaper

F. W. KELLOGG

JOHN D. SPRECKELS

The San Francisco Call, the morning circulation of which was recently purchased by M. H. de Young of the Chronicle, made its appearance on Monday, September 1, as an evening 1 cent publication of 16 pages, and found immediate popular approval. The Call entered its second week in the evening field with a paid circulation of more than 60,000 copies.

Its president and publisher is F. W. Kellogg, one of the best known newspaper men in the United States. Associated with Mr. Kellogg is John D. Spreckels, who is the vice president and treasurer of The San Francisco Call and who owns two newspapers in San Diego.

The new evening issue of The Call, five editions of which are printed daily, has proved to be a tremendous success, the first six days a total of 606,519 copies being printed. With the daily increasing demand for the evening edition of The San Francisco Call circulation experts are predicting that its circulation will far exceed in a short time that of any evening newspaper now published in San Francisco.

About 100 columns of advertising were printed in the first issue, and during its first week as an evening paper The Call's paid local advertising amounted to 74,480 lines, which was in excess of its nearest competitor.

The San Francisco Call is a clean newspaper, and it has broken all records and has been carried by the people of San Francisco into immediate prosperity.

for every trouble. Remove the cause and you forget the trouble. Remove the cause for worry and have soon your spirits revive. Same with the body; root out the germs of disease, and nature, asserting herself, develops healthy tissues.

There's a remedy in nature for every disease. Witter Water boils up out of Mother Earth laden with curative qualities which remove the causes of diseases of the Liver, Kidneys, Bladder and Stomach. When the causes are gone nature quickly responds. The blood tingles as it rushes through healthy arteries. The heart, liver and kidneys perform their functions vigorously. The pores of the skin drink in pure air. The complexion glows in response to the activity of all the wonderful machinery within us.

Ask your physician about the permanent results from the use of Witter Water. Ask your dealer. Write us for literature.
